NOTE TO THE BOARD

As you know, the "Memorandum for USIB, Probable Soviet Reactions to a Certain Course of Action," was remanded last Thursday by USIB, with the direction that it be revised in the light of a suggested State Department footnote. I asked [] [] if he would give us a contribution setting forth the kind of thing they thought out to be in the paper. The contribution has just arrived and raises various problems. There are copies of it in the Reading Room, and I wish you would look at it at your convenience so that we can discuss the matter soon.
